### DIVERSE WOMEN IN LAW AND HEALTH

**Nicky Giannopoulos**  
 Arts/Laws student & DWMA Program Coordinator

Nicky is a fourth year Bachelor of Arts/Laws student at Deakin University. In her spare time she tutors students in English and History Rhetoric and volunteers as a law clerk. After volunteering at the Women's Legal Service Victoria, Nicky has developed aspirations to practice as a solicitor, specialising in child protection or family violence, in the community legal services sector.

Refugee

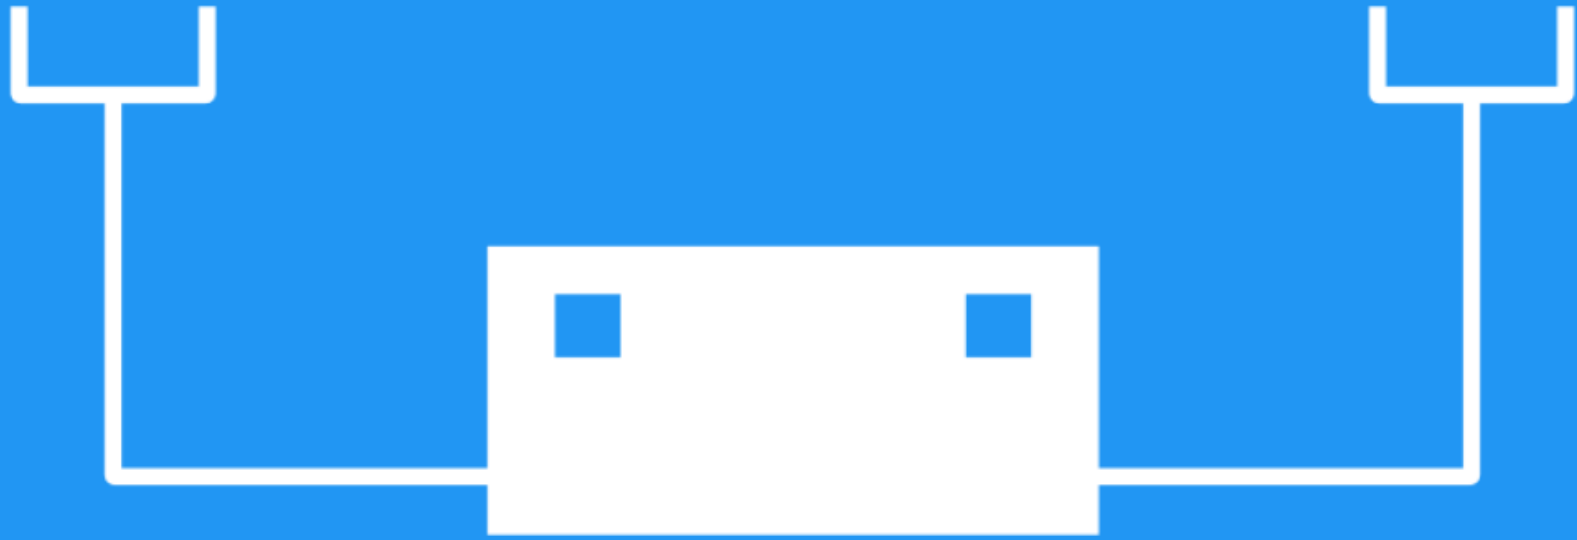

Justice Affairs (professionally) Legal Aid, Joan passionate about community legal services or a Justice officer

**Prasanthini Janarathanan**  
 Sonographer

Prasanthini graduated from MacRob in 2012. Following this she went on to complete a Bachelor's Degree in Radiology and Medical Imaging at Monash University and then specialising immediately and completed a post Graduate degree in Ultrasonography. She has become tertiary trained in advanced pregnancies and women's health and learned many things, in particular the lack in quality of reporting in the industry. Prasanthini has now co-founded a specialised ultrasound company named Mindful Ultrasound. Their belief is to provide private level reports and scanning at bulk billed rates. Prasanthini is also a mother of 2 young children and has also begun a journey in a completely different direction as a fashion stylist.

Dr. an... all... in... the...

REGIONAL EXECUTIVE OFFICER - EMEA

# OUR STRATEGY

## INSPIRE GIRLS

Inspire girls and young women to explore engineering through structured pathways and the influence of positive role models.

**200,000** girls by 2020

Work collaboratively with parents, teachers and the community to highlight the exciting and rewarding opportunities for female engineers to shape our world.

## COMMUNITY INFLUENCE

## DEVELOP MEMBERS

Provide opportunities for Robogals volunteers to connect as a community and to develop professionally and personally.

WORKSHOPS

## **VOLUNTEER AT A WORKSHOP**

Attend a training session and come along to a workshop. See the difference you can make!

## **ENCOURAGE YOUR CHILDREN**

Encourage your children or your child's entire class to participate in the Science Challenge competition @ <https://sciencechallenge.org.au/>

## **BRING US TO MORE SCHOOLS**

If you want to see Robogals at your child's school, let us know and we'll make it happen!
